→ deadline to submit ~~Mon., Jan. 30, 2017~~

**Friday, Feb. 10, 2017**

**The student Poster submission type is to show case student that promises to be both informative and also provide an interactive format that encourages participation between students and attendees.**

The American Society for Engineering Education (ASEE) invites both engineering and engineering technology faculty to sponsor their undergraduate students to present a poster at the Zone 2 Conference. This is an opportunity for you to exhibit your pedagogical successes through your students' outstanding projects. Students may enter in the following categories:

- First/Second Year Engineering and/or Engineering Technology Design Teams
- Junior/Senior Engineering and/or Engineering Technology Design Teams
- Individual Undergraduate Research

There is a tremendous amount of talent and creativity in ASEE. You as faculty are invited to share your experiences with your colleagues, while at the same time recognizing your students and giving them the opportunity to:

- Practice their visual, written, and oral communication skills in a professional/conference environment
- Share their research/project work with students and faculty from other institutions

Additionally, the poster competition will:

- Improve the visibility of student efforts,
- Recognize excellence in student projects, and
- Promote the sharing and exchange of ideas about team projects and undergraduate research amongst the members in the section.

#### ELIGIBILITY

- Each student poster entry (Team or Individual) is required to have a faculty advisor.
- The faculty advisor must be a registered attendee of the conference and may advise up to three poster entries.

#### Design Teams:

Undergraduate student teams from any Engineering or Engineering Technology program in the section are invited to present a poster on a team-based design project.

Team sizes are two or more students, with a minimum of two team members registered as student conference attendees.

Student teams may register in one of the following categories:

- First/Second Year Engineering and/or Engineering Technology Design Teams
- Junior/Senior Engineering and/or Engineering Technology Design Teams

#### Individual Undergraduate Researchers:

Individual undergraduate students working on undergraduate research projects from any engineering program in the section are invited to present a poster.

#### Student poster procedure

The author must submit on the [zone2.asee.org](http://zone2.asee.org) website: author's name, proposed poster title, author's affiliation, phone number, fax number, e-mail address and a short abstract that describes the project described in the poster.

MAXIMUM POSTER SIZE: 36" high x 48" wide

All students must register for and attend the conference on Friday, March 3. Student Poster Registration is on zone2.asee.org in the "Author" tab

Poster proposals will be peer-reviewed by the program committee. Authors will be notified of acceptance or rejection of their proposed poster within 48 hours of submission. Poster Submission deadline January 30, 2017.

Deadline for poster presenters to register for conference at reduced rate February 10, 2017.
